

STATIC TOPICS

Hi

Your expertise in GK will determine your final rank and your placement in a top position. You need to focus on the first three Quant, Engl. and reasoning but an early start in General Awareness will give you the confidence which no other subject can give you. As far as the various subjects like History, Economics, Geography etc. are concerned you can keep up with the teacher but for static GK you need to work slowly upward

One thing you can do is to give a topic each student so that he can prepare questions on that and share in the group. Suggested topics are:

1. Classical dance forms
2. Famous Indian Classical dancers
3. Names of Indian musical instruments
4. Names of famous Indian musicians and their instrument
5. Festivals
6. Dances in various parts of India
7. Names of tribes and concerned states
8. First in the world Men
9. First in the world Women
10. First in India men
11. First in India Women
12. Tallest, shortest
13. Smallest and largest (buildings/birds/animals)
14. Famous paintings
15. Famous Indian paintings
16. Embroidery patterns in India
17. Names of famous books around the world
18. Names of famous books in India
19. Names of books written in the ancient period
20. Famous art forms of India
21. Famous historical places and buildings in India
22. Famous temples of India
23. Names of burial places of famous Indians
24. Names of famous Indian writers and their books
25. Name of inventions
26. National flag/national anthem/Bharath Ratna award winners
27. Cups and championships in sports
28. General awareness of all awards both national and international
29. Important days in a year

- 30. The United Nations and their bodies
- 31. The Olympic awards/Asian games and Commonwealth games
- 32. Terms used in various games and sports

This is for a start. 32 students in the class can take an initiative. All the best.
